

CANINE SURGERY CHECK-IN SHEET
 Arkansas Browning Animal Clinic

Procedure requested: _____ Date: _____

PHONE NUMBER WHERE YOU CAN BE REACHED TODAY: _____
Emergency number

Client Name: _____ Patient Name: _____

There are a few choices for you to make in regard to your pet's surgical procedure.
Initial here:

I have not fed my dog since 10:00 PM last night. _____

If my dog has fleas, I understand that these will be treated prior to surgery at the owner's expense. _____

If my *female* is *obese, in heat or pregnant*, I understand that the spay surgery becomes much more complicated and could incur an additional fee of \$30 - \$145 (full term). _____

If my male is in to be neutered, I understand that both testicles need to be down or it becomes a very different surgery (we will call you if this is the case). _____

If we cannot verify that all vaccinations are up to date, I understand that the doctor will give any vaccinations needed for the safety of my pet and others (reduced Rabies, Parvo, Distemper and Bordatella vaccines for only \$55 with today's surgery (reg price:\$80) _____

Optional (see Surgery Info Sheet – page 2 for explanations and details)

All prices are temporary specials:

Please give my dog an injection of pain medication during the procedure and pain medicine to go home (total of \$40 to \$65 depending on size and type of animal).	Yes	No <small>(unless medically necessary)</small>
	_____	_____

Please complete the blood work you recommend prior to putting my pet under anesthesia and contact me at the number above if any abnormalities are found (\$75 or \$89 depending on the age of the animal – see Surgery Information Sheet, page 2)	_____	_____
---	-------	-------

Please do a fecal test (parasite screen) on my dog for only \$22. (reg price: \$35.0)	_____	_____
---	-------	-------

Please do a heartworm test on my dog for ½ price (\$30. - reg price:\$60.)	_____	_____
--	-------	-------

If you discover a growth or tumor that needs to be removed, I want the doctor to remove it during today's surgery (will save over \$200 – will call with price)	_____	_____
---	-------	-------

If there are loose teeth discovered or retained baby teeth interfering with his adult teeth, I want the doctor to remove them while my dog is still under anesthesia (~\$15 each)	_____	_____
---	-------	-------

I would like to have the "Home Again" microchip installed during the surgery (+\$30 vs \$69)	_____	_____
--	-------	-------

I would like you to do a routine dental cleaning after the surgery at less than ½ the normal price (\$150 - \$200 instead of \$350 - \$450)	_____	_____
---	-------	-------
